IFP may obtain the following remuneration and benefits for the services we provide to you. Please note that all amounts include GST.

	Service provided	Worked example using \$100,000 investment
Initial Consultation	An initial consultation fee of up to \$330 may apply. Should you wish to proceed with the advice that we provide, this fee will be deducted from other applicable advice fees. The initial consultation will include a discussion of your financial circumstances, needs and objectives and a brief discussion about possible solutions. During this discussion, you may consider and agree the nature and scope/scale of the financial services you wish for us to provide to you.	\$330
Written Recommendations	If it is agreed that we will prepare a written Strategy Document and/or Statement of Advice, an appropriate fee will apply. Typically, you would expect to pay between \$1,650 and \$8,800 for the analysis of strategies and preparation of this document/Statement of Advice, depending on its complexity. We would agree the scope of the advice and the fee with you prior to us undertaking the work.	From \$1,650 to \$8,800
Investment Fee	McLardy McShane Financial Services Pty Ltd operates primarily on a 'fee for service' basis for investment advice. This means that clients can be sure that everything we do is in their best interest. That is, we prefer not to receive commissions which are not established in consultation with the client. It is our business policy to rebate any upfront commissions from investment products to zero (0%). The fee for service model is based on an hourly rate. The hourly rate ranges from \$88 to \$220 based on the effort/skills required (administrative to advising). All fees are pre-agreed and all fees and benefits are always disclosed in detail in your Statement of Advice.	Up to \$8,800
Ongoing Advice and Review	Our ongoing advice fees ensure your strategy and products are reviewed to help you take advantage of opportunities as they become available. If this is relevant to your situation, there will be specific information in your Statement of Advice. The hourly rate ranges from \$88 to \$220.	Up to \$2,200
Life Insurance Commissions	Initial and ongoing commissions are payable by life insurance companies when we recommend life insurance risk products. The commission that is payable to us by the life insurance company is factored into the annual premium and as such does not represent an additional cost to you. Initial commissions are paid by life insurance companies to IFP in the first year and ongoing commissions are paid from year two onwards.	Please refer to the Life Insurance Framework Reforms below.
Additional Services	For additional services, an hourly fee may be charged. The amount of this fee would be discussed prior to any work being commenced. The hourly rate ranges from \$88 to \$220 based on the effort/skills required (administrative to advising).	

Conflicted remuneration and non-conflicted remuneration

From 1 July 2013 the new “Future of Financial Advice” legislation (FOFA) came into effect, which prohibits IFP and its representatives from accepting “conflicted remuneration”, subject to certain exceptions. “Conflicted remuneration” is any benefit, monetary or non-monetary that could reasonably be expected to influence the choice of financial product recommended or the financial product advice. This includes commissions, bonuses and rebates, and most volume-based benefits, but there are some exceptions, such as certain levels of remuneration related to life insurance risk products.

Under FOFA laws, IFP and your adviser may continue to receive such remuneration where the current and future remuneration of this type relates to arrangements and transactions that were entered into prior to 1 July 2013.

Investment in the Netwealth Managed Accounts “Integrity Exclusive Investment Series” available only to clients of Integrity Financial Planners (IFP)

If you invest in the Netwealth Managed Account for clients of Integrity Financial Planners, you will need to agree and authorise Netwealth as the Responsible Entity to deduct the model fee from your account and pay this fee to IFP for IFP’s role in providing General Advice to Netwealth. This role includes but is not limited to: determining the suitable investment strategies for clients and selection of a model manager to deliver models, providing input and guidance to the model manager regarding implementation of the Integrity models, ongoing review of the model manager, the performance of the models and reporting to client, and representing clients by providing advice to Netwealth as the responsible entity. The model fee is 0.165% p.a. (inc GST) which based on \$100,000 invested equates to \$165 p.a. IFP will retain half of this fee or 0.0825% p.a. (inc GST) i.e. \$82.50 and the other half being 0.0825% p.a. (inc GST) i.e. \$82.50 will be paid to McLardy McShane Financial Services Pty Ltd.
